RETIRED RECEIPT REQUESTED

5 Jan 05

MEMORANDUM FOR MR. WILLIAM C. OLSON, CHIEF
GROUNDWATER QUALITY BUREAU (GWQB)
NEW MEXICO ENVIRONMENT DEPARTMENT (NMED)
P.O. BOX 26110
SANTA FE, NM 87502

FROM: 377 MSG/CEVR
2050 Wyoming Blvd. SE
Building 20685, Suite 118
Kirtland AFB, NM 87117-5270

SUBJECT: Stage 1 Abatement Plan (AP), Vadose Zone Petroleum Contamination, East Side of the Bulk Fuels Facility (ST-106), Kirtland Air Force Base (AFB)

1. Kirtland AFB Environmental Management (EM) is formally requesting a time extension of 60 days to submit the subject abatement plan. The request would be in compliance with the New Mexico Water Quality Control Commission Regulation 20.6.2.4106.A., permitting a total of 120 days to prepare and submit the AP proposal. The original due date for submittal of the AP was 11 Jan 05, 60 days from your 12 Nov 04 letter requiring the AP. The proposed submittal date would be 12 Mar 05, 120 days from the date of your letter. We plan to submit the AP on 11 Mar 05, as 12 Mar 05 is a Saturday.

2. The request is based on time required for coordination between EM and Kirtland AFB Civil Engineering (CE). CE is planning to remove and replace two above ground storage tanks used to store bottom-water at the Bulk Fuels Facility. These tanks were cited in your letter as areas that should be investigated as a possible source area in the required EM AP. The CE project would overlap with the investigation to be proposed in the EM abatement plan and therefore requires coordination.

3. This request was discussed with Mr. Baird Swanson of your staff.

KAFB2780

4. If you have any questions, please do not hesitate to contact Mark Holmes at (505) 846-9005.

A handwritten signature in black ink, appearing to read "Carl J. Lanz". The signature is fluid and cursive, with the first name "Carl" being the most prominent.

CARL J. LANZ, P.G., GS-13
Chief, Restoration Section
