SUBJECT: Voluntary Corrective Measures Work Plan for Solid Waste Management Unit (SWMU) WP-26, Sewage Lagoons and Golf Course Main Pond, February 2006; Resource Conservation and Recovery Act (RCRA) Facility Investigation (RFI) Work Plan for SWMU WP-26, Golf Course Main Pond Vadose Zone, August 2006; and RFI Work Plan for SWMU WP-26, Sewage Lagoons and Golf Course Main Pond, July 2004, Kirtland Air Force Base (AFB), NM, EPA ID # NM9570024423

1. The Environmental Management (EM) Branch at Kirtland AFB is requesting that the reports for the three subject workplans be combined into one report. The combined report would be submitted to NMED on 6 Mar 07. The submittal date is based on the scheduled report date for RFI Work Plan for SWMU WP-26, Golf Course Main Pond Vadose Zone, August 2006, which was the most recently submitted workplan. This workplan was approved by NMED on 22 Sep 06.
2. The February and August 2006 workplans have been implemented and are in progress. The project for the July 2004 workplan has been completed, and the results of the investigation were discussed in a 4 Jan 06 meeting with Mr. William McDonald of your staff.
3. The basis for the request is to provide one comprehensive report for the multiple investigations, to facilitate interpretation and review. This was discussed with Mr. McDonald, who stated that the combined report was acceptable (24 Oct 05 email from Mr. McDonald to Mr. Mark Holmes).
4. If you have any questions, please do not hesitate to contact me at (505) 853-6534 or Mark Holmes at (505) 846-9005.
