Mark

The requested extension is logical, given the ongoing activities, i.e. report on ST-106 tightness pressure and hydrostatic testing, drilling of KAFB-10617, etc. , so consider this an approval for the 15 day semiannual report deadline extension to 15 Dec 08. Also, we discussed on Thursday, November 13, 2008, and I have agreed with you, Sharon Minchak and Meredith Breslin (after reviewing the gradient map) upon site selection (the northeastern corner location on the Veterans Administration's vacant lot of land on the SE corner of Ridgecrest and San Pedro) for the KAFB-10617 location.

Thank you,

Baird Swanson

Baird

We are requesting an extension of time until 15 Dec 08 to submit the Semi-annual report for ST-016, which is currently due on 30 Nov 08. Approval of the request will permit incorporation of information into the report

2/8/2010

KAFB3648

pertaining to the investigation of the PSH and installation of the interim remedial system for remediation of the PSH.

Thanks
