Dear Sir/Ma'am

Pursuant to the provisions of the Defense Environmental Restoration Program (10 USC Part 160, *Environmental Restoration*) (DERP), Kirtland Air Force Base (KAFB) has conducted preliminary assessments and site inspections of the Military Munitions Response Program (MMRP) sites within the boundary of the installation.

KAFB's restoration personnel have recently completed the Proposed Plan for No Further Action as well as the Removal Action Complete Report for MMRP sites TS775 and TS776. As required by 10 USC §2710(c)(2), E.O. 12580, E.O. 13016 and Office of Solid Waste and Emergency Response Directive 9200.3-60. I am submitting KAFB's Final Proposed Plan and Removal Action Complete Report for MMRP Sites TS775 and TS776 Skeet Ranges for your review, comment, and records retention.

As we continue to implement the provisions of DERP and the Superfund Amendments and Reauthorization Act to complete the identification, investigation and cleanup of contamination within KAFB, we look forward to your input on accomplishing these goals. If you have any questions or concerns, please contact Mr. Wayne Bitner, Chief, Environmental Restoration Program, (505) 853-3484.

Sincerely

TOM D. MILLER, Colonel, USAF  
Commander
