Dear Colonel Miller and Mr. Pike:

The New Mexico Environment Department (NMED) has received the U. S. Air Force's (Permittee) request for an extension to submit the *Quarterly Pre-Remedy Monitoring and Site Investigation Report for October – December 2013* from March 31, 2014 to April 30, 2014. The Permittee cites a safety incident that resulted in delays in sample collection. The delays caused subsequent delays in data validation and report preparation. NMED hereby approves the request.

The submittal date for the subject report has been changed to April 30, 2014.
