**RE: FINAL UNIFORM FEDERAL POLICY QUALITY ASSURANCE PROJECT
PLAN WP-026 BASE SEWAGE LAGOONS AND GOLF COURSE POND (SWMU
WP-26), SEPTEMBER 2014
KIRTLAND AIR FORCE BASE, NEW MEXICO
EPA ID # NM9570024423
HWB-KAFB-15-001**

Dear Colonel Froehlich and Mr. Pike:

The New Mexico Environment Department (NMED) received the US Air Force's (Permittee) Kirtland Air Force Base (Facility) *Final Uniform Federal Policy Quality Assurance Project Plan WP-026 Base Sewage Lagoons and Golf Course Pond (SWMU WP-26), September 2014*, (hereafter referred to as the "QAPP"), on January 21, 2015. NMED has reviewed the QAPP, which appears to provide general information; elements pertaining directly to Solid Waste Management Unit WP-26 are repeated in other work plans and documents. All site-specific technical aspects of a project, including but not limited to well installation, well development, surveying, remediation equipment design and setup, groundwater level measurement methods, sample collection methods (including groundwater, soil, and vapor sampling), QA/QC procedures, and equipment decontamination, must be included in the associated work plans for NMED approval.

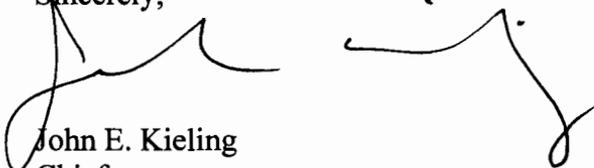

KAFB4323

Col. Froehlich and Mr. Pike
