Harold Runnels Building
1190 St. Francis Dr. Suite N4050
Santa Fe, NM 87505

Dear Mr. Pullen,

I am the Interim Department of Defense (DoD) Regional Environmental Coordinator (REC) for the states within Environmental Protection Agency Region 6 and represent the military services on multiservice environmental issues within those states. I submit this letter today to request an extension to the January 12, 2017 deadline to provide written comments on the Kirtland Air Force Base Ground Water Discharge Permit for Underground Injection Control Wells (DRAFT DP-1839). In order to assure the Air Force provides thorough feedback on the highly detailed, complex permit, we request a 1-month extension to provide comments, with a new, extended deadline date of Friday, February 10. Thank you in advance for your consideration of this request.

If you have any questions regarding this request, please contact Maj. David Feith, Air Force Regional Counsel, at 678-655-9534 or david.feith@us.af.mil.

Sincerely,

RON W. JOYNER
Interim DoD Regional Environmental
Coordinator, EPA Region 6
