Subject: RE: KAFB-106MW2 completion diagram and borehole log

Hi Tara,

Please find attached the approved well completion diagram.

Please send the requested depth to water measurements when you can today.

Thanks,
Diane

Subject: KAFB-106MW2 completion diagram and borehole log

Importance: High

Hi Diane and All,

Please find attached the compiled borehole log for KAFB-106MW2 and the proposed completion diagram for approval.

KAFB4569

You will notice we are using the static water level 478 feet bgs that represents predrilling. Water level is currently, and will continue to be, quite disturbed (elevated) in this area due to drilling activities.

Please let us know if there are any questions, we are prepared to begin well construction when we receive approval.

Thank you! Respectfully,
Tara
