**Subject:** RE: Final OSE Plugging Record for Original KAFB-106MW2 Borehole

Hi Tara,

The Final Report is acceptable. Could also document it in the quarterly reports if the reports include any documentation/discussion of the pilot test. Either or both will be fine on my end.

Diane

**Subject:** RE: Final OSE Plugging Record for Original KAFB-106MW2 Borehole

Hi Diane,

Would inclusion of this OSE plugging record in the Final Report that will be submitted for the pilot study be the appropriate place to include it?

Thank You!

Tara

Hi Caitlin,

Thank you for sending this record of plugging of the original KAFB-106MW2. As a reminder, this will need to be included in the relevant and applicable report(s) submitted to the NMED.

Diane

**Subject:** Final OSE Plugging Record for Original KAFB-106MW2 Borehole

Hello All,

The plugging record for the original KAFB-106MW2 borehole has been finalized and delivered per the distribution listed on the KAFB transmittal letter. For those receiving electronic copies of the record, the file (including the transmittal letter) has been attached to this email. Two hard copies of the record have also been filed with the OSE. We will deliver a hard copy to Kirtland this afternoon.

A copy of the plugging record can also be found on the FTP site:

<https://www.portageinc.com/apps/Kirtland/final.aspx>, click on "Final" in the upper right hand corner, then on folder "EDB In Situ Biodegradation Pilot Test"

The file is titled "KAFB-RPD-016-0025\_Plugging Record\_Original KAFB-106MW2 Borehole".

Please let us know if there are any questions.

Thank you!

Caitlin
