Subject: [EXT] Bulk Fuels Facility Public Meeting 15 Nov - with registration link

Dear Neighbor,

The Air Force and the New Mexico Environment Department will be co-hosting a deep dive workshop and public meeting for the Kirtland Air Force Base Bulk Fuels Facility (BFF) leak project on Thursday November 15, 2018, at the African American Performing Arts Center. The Center is located at 310 San Pedro NE, near the intersection of San Pedro Dr. NE and Copper Ave.

Beginning at 5 p.m. interested community members are invited to participate in a technical "Deep Dive" discussion, where groundwater modeling experts will present and discuss current groundwater models being developed and used by the project, followed by a question and answer period. To attend, please register at: <https://www.portageinc.com/apps/kafb>, so staff may plan for adequate resources and materials to support the discussion. Registration is open from Oct. 1 to Oct. 31, 2018.

Community members not attending the technical "Deep Dive" may talk with Air Force and NMED technical experts during a 5:30-6 p.m. poster session.

The main meeting presentation runs from 6 to 8 p.m. and will include a project status update, overview of groundwater models, and overview of the NMED BFF Public Involvement Plan, as well as a question and answer period.

If you would like additional information, please contact 377th Air Base Wing Public Affairs at 505-846-5991 or by email, 377ABW.PA@us.af.mil.

We ask that you share this notification with others in your community and hope you can join us at the upcoming event!

Regards,
Kirtland Air Force Base Public Affairs
