Will,

The Division Director requires a review of this draft letter response to our previous Disapproval. Please send any comments to me and I'll forward them to Tom. I don't know what the new understanding is but I'm changing the letterhead to division letterhead since this is outside of our normal procedures where interactions are documented for the record.

Dave -

Under our new understanding with KAFB we have agreed to send out final draft letters prior to sending out the official request/response. This is what the AF has submitted. We should read the letter and determine if modifications to the letter need to be made to avoid a letter writing exchange.

Thanks

Tom

Tom,

It does not appear that this letter has been submitted to either NMED or HWB; therefore, we can't prepare a letter response since there will not be a record of why we're sending out correspondence. Are you asking for informal comments to be submitted to you? Thanks.

Dave -

Can you please coordinate the review of this letter?

Thanks

Tom
