HWB-KAFB-19-004**

Dear Colonel Miller and Lt. Colonel Acosta:

On July 29, 2019 the New Mexico Environment Department (NMED) issued a notice of disapproval for the Closure Report (Report) for the Open Detonation Unit at Kirtland Air Force Base (Permittee) and required the submission of a revised Report. However, a date for submission of the revised Report was not specified. After consultation with Air Force personnel, a submittal date of **September 30, 2020** was established.

The Permittee is reminded to include a response letter with the revised Report that cross-references where NMED's numbered comments were addressed. The Permittee must also submit an electronic redline-strikeout version of the revised Report showing where all changes have been made to the Report.
