**RE: APPROVAL
EXTENSION REQUEST – ST-070E OIL/WATER SEPARATOR, ST-219 (SWMU ST 70), WELL
INSTALLATION COMPLETION REPORT
KIRTLAND AIR FORCE BASE, NEW MEXICO
EPA ID# NM9570024423
HWB-KAFB-21-001**

Dear Colonel Vattioni and Ms. Clark,

The New Mexico Environment Department (NMED) received the U.S. Air Force (Permittee) Kirtland Air Force Base (Facility) *Extension Request – ST-070E Oil/Water Separator, ST-219 (SWMU ST 70) Well Installation Completion Report, (Request)*, on September 20, 2021. The Request states that the start date of the well construction was delayed due to supply chain issues for pressure-treated concrete, that is required to meet flight line specifications, and subsequently delayed the contractor's ability to mobilize to install the well until late August 2021. Well drilling and installation was completed on September 10, 2021. Well development and wellhead construction are expected to be complete in late September 2021.

NMED hereby grants the Permittee's Request for a time extension to submit the ST-070E Oil/Water Separator, ST-219 (SWMU ST 70), Well Installation Completion Report (Report). The Permittee must submit the Report no later than **December 31, 2021**.
