

ENTERED

DEPARTMENT OF THE AIR FORCE
377TH AIR BASE WING (AFGSC)

08 August 2022

Colonel Jason F. Vattioni, USAF
Commander
377th Air Base Wing
2000 Wyoming Blvd SE
Kirtland Air Force Base NM 87117

Mr. Frederic Shean
Hazardous Waste Bureau Chief
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe NM 87505-6303

Dear Mr. Shean

The Air Force received the New Mexico Environment Department's letter dated July 1, 2022 providing comments on the Tier 1 Screening Level Ecological Assessment (SLERA) Open Detonation (OD) Treatment Unit, establishing a due date of August 15, 2022 to receive responses to comments (RTCs) and redlined version of Tier 1 SLERA. Due to current circumstances with COVID-19, review and back checking responses to comments (RTCs), and the time required to receive signatures (document staffing), the Air Force is unable to meet this deadline. Additional time is required to complete a thorough review and staffing process.

The Air Force is respectfully requesting a 60-day extension to the OD Unit Tier 1 SLERA, establishing a revised due date of October 15, 2022. This extension request will allow the time required to complete the technical review and back check of RTCs and to complete the staffing process to obtain signatures.

If you have any questions or concerns, please contact Mr. Scott Clark at (505) 846-9017 or via email at scott.clark@us.af.mil or Mr. Darren Knight at (661) 203-7714, or via email at john.knight.15@us.af.mil.

Sincerely
