Dear Colonel Vattioni and Ms. Clark,

The New Mexico Environment Department (NMED) received the U.S. Air Force (Permittee) Kirtland Air Force Base (Facility) *Extension Request – WP-026 – Base Sewage Lagoons and Gold Course Pond (SWMU WP-026), Aquifer Test Report (Request)*, on September 6, 2022. The Request states that the Permittee is unable to meet the September 30, 2022 deadline to submit the WP-026 – Base Sewage Lagoons and Gold Course Pond Aquifer Test Report (Report) due to field work conflicts with base related operations and difficulties with scheduling drilling subcontractors. The Permittee is requesting a 150-day extension to complete the field work and submit Report to NMED.

NMED hereby grants the Permittee's Request for a time extension to submit the Report. The Permittee must submit the Report no later than **February 27, 2023**.
