Dear Ms. Archuleta:

**Subject:** Federal Facility Compliance Order (FFCO), Site Treatment Plan (STP), Notice of Offsite Shipments, **Correction**

The purpose of this letter is to submit a correction for offsite waste shipment documentation previously submitted to the New Mexico Environment Department (NMED). We have discovered an error in our notification letter to NMED dated September 20, 1996, which documented the completion of an August 8, 1996 shipment of wastes in Sections 3.1.2 and 3.1.5 of the STP Compliance Plan Volume. The referenced letter incorrectly referred to the four containers of lead blankets in Treatability Group 7 as belonging to MWIR ID no. LA-W904. The correct MWIR ID no. is LA-W903.

We apologize for any inconvenience this may have caused. Also enclosed is a Certification Statement prepared in accordance with the requirements of Section XX, "Documents, Information, and Reporting Requirements" of the FFCO. Los Alamos National Laboratory's records and documents related to this letter are available to NMED's staff on request. Please contact me at (505) 665-5042, or Ken Hargis at (505) 667-2347 if you have any questions.

Sincerely,

Jody Plum
