CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Ms. Janice Archuleta
Hazardous and Radioactive Materials Bureau
New Mexico Environment Department
2044 Galisteo St., Bldg. A
P. O. Box 26110
Santa Fe, New Mexico 87505

Dear Ms. Archuleta:

Subject: Notice of Completion of Off-Site Waste Shipment, Activities 3.1.1B, 3.1.1C, 3.2.1, and 3.4.2 in the Site Treatment Plan (STP)

The purpose of this letter is to notify the New Mexico Environment Department (NMED) of an off-site waste shipment and of required activities set forth in the Federal Facility Compliance Order (FFCO), October 4, 1995 (as revised). Activity 3.1.1C on page 15 of the Compliance Plan Volume (CPV, Exhibit A) of the STP requires that, "*(W)ithin 45 days of receipt of waste at treatment facility,*" the Department of Energy (DOE) and the University of California (UC) "*(P)rovide documentation to NMED that waste was received at off-site facility.*"

A shipment of STP covered wastes in MWIR ID LA-W901 and LA-W902, listed in Section 3.1.1 of the CPV, was sent on December 18, 1996, to the Diversified Scientific Services, Inc., facility in Kingston, Tennessee. In addition, the shipment included STP covered wastes listed in MWIR ID LA-W907, LA-W908, LA-W909, and LA-W929, listed in Sections 3.2.1 and 3.4.2 of the CPV. The Los Alamos National Laboratory (LANL) must complete shipment of all wastes in Sections 3.1.1 and 3.2.1 of the CPV by December 30, 1996 and February, 2002, respectively.

TL

Janice Archuleta

2

Wastes shipped on December 18, 1996 are listed in the table below.

| <u>MWIR ID</u> | <u>Waste Description</u> | <u>No of STP items</u> | <u>No. Drums</u> | <u>STP vol. (cu.m.)</u> |
|----------------|--|------------------------|------------------|-------------------------|
| LA-W901 | IPA wastes | 7 | 2* | 0.021 |
| LA-W902 | Scintillation fluids | 1 | NA* | 0.004 |
| LA-W907 | Halogenated Organic liquids | 3 | NA** | 0.004 |
| LA-W908 | Nonhalogenated Organic liquids | 3 | 4*** | 0.473 |
| LA-W909 | Bulk Oils | 23 | 13** | 2.22 |
| LA-W929***** | Nonradioactive or Suspect waste to be Surveyed | 2 | NA*&** | 0.008 |
| None***** | IPA waste | 1 | NA* | 0.0005 |

NOTES:

- * One LA-W901 item was shipped in the separate container. The waste in the second container consisted of waste items from several treatability groups that had been bulked together to ensure sufficient volume for sampling and treatment. The items in the second drum were six items from LA-W901, the one LA-W902 item, one item from LA-W929, and the one item without a MWIR ID number.
- ** The three LA-W907 items were bulked with 11 items from LA-W909 to ensure sufficient volume for sampling and treatment; these 14 items were contained in a separate drum included under LA-W909. The one LA-W929 item was bulked with an identical item in LA-W909 to ensure sufficient volume for sampling and treatment; these two items were contained in a separate drum included under LA-W909.
- *** One waste item from LA-W908 was split into two drums to meet DOT requirements, thereby giving a total of four drums for LA-W908.
- **** In accordance with the 10/30/96 Amendment 1.0 to the STP, these two LA-W929 items were shipped to an off-site facility for treatment. One item was identical to an LA-W909 item, the other was an IPA that may not have had a treatment option if it was not shipped with the IPA waste items in LA-W901.
- ***** This item, without a MWIR ID number, was covered waste that was inadvertently omitted from the 10/95 STP/CPV inventory; this item may not have had a treatment option if it was not shipped with the IPA waste items in LA-W901.

JAN - 9 1997

Janice Archuleta

3

As stated above, Activity 3.1.1B requires DOE and UC to "(C)omplete shipping waste" in Section 3.1.1 of the CPV by December 30, 1996. Since the December 18, 1996 shipment included all covered waste remaining in MWIR ID LA-W901, "IPA wastes," and MWIR ID LA-W902, "Scintillation fluids," this letter serves also to notify you of our completion of Activity 3.1.1B, and therefore, of all remaining activities in Section 3.1.1 of the CPV.

Documentation is enclosed. Also enclosed is a Certification Statement. These documents were prepared in accordance with the requirements of Section XX, "Documents, Information, and Reporting Requirements," of the FFCO.

DOE's and UC's records and documents related to this letter are available to NMED's staff upon request. Please contact me at (505) 665-5042 or Ken Hargis at (505) 667-2347 if you have any questions.

Sincerely,

for

H. L. "Jody" Plum

CERTIFICATION

NOTICE OF COMPLETION OF OFFSITE WASTE SHIPMENT, ACTIVITIES 3.1.1B, 3.1.1C, 3.2.1, AND 3.4.2 IN THE SITE TREATMENT PLAN (STP)

I certify that I am the project manager responsible for overseeing the implementation of the Site Treatment Plan for the Los Alamos National Laboratory. To the best of my knowledge and belief, the information in this document is true, accurate, and complete.

| 16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations. If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford. | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
