CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Ms. Janice Archuleta
 Hazardous and Radioactive Materials Bureau
 New Mexico Environment Department
 2044 Galisteo St., Building A
 P. O. Box 26110
 Santa Fe, NM 87505

Dear Ms. Archuleta:

Subject: Notice of Completion of Offsite Waste Shipment, Activity 3.1.3 (F) in the Site Treatment Plan (STP), Los Alamos National Laboratory (LANL)

The purpose of this letter is to notify the New Mexico Environment Department (NMED) of completion of required activities set forth in the Federal Facility Compliance Order (FFCO). Activity 3.1.3 (F) in the Compliance Plan Volume (CPV, Exhibit A) of the STP (as revised January, 1997) requires that, *"Within 45 days of receipt of waste at treatment facility,"* the Department of Energy (DOE) and the University of California (UC) *"Provide documentation to NMED that waste was received at off-site facility."* This letter follows the requirements of Section XX of the October 4, 1995 FFCO, issued to DOE and UC.

A shipment that included STP covered wastes listed in Section 3.1.3 of the CPV (Rev. 3.0, Exhibit A) in the treatability group *"Aqueous organic liquids,"* MWIR waste ID LA-W906, was made on July 28, 1998 and completed on July 30, 1998. Wastes were sent to the Diversified Scientific Services, Inc., in Kingston, Tennessee. The total volume of STP waste shipped from this treatability group is 3.92 cubic meters.

Documentation that waste was received at DSSI is enclosed. Also included as Enclosure B is a Certification Statement. These documents were prepared in accordance with the requirements of Section XX, *"Documents, Information, and Reporting Requirements,"* of the FFCO.

Please contact me at (505) 665-5042 or Ken Hargis at (505) 667-2347 if you have any questions.

Sincerely,

H.L. "Jody" Plum
