Re: October 4, 1999 Notice of Completion of Off-Site Waste Shipment.

Dear Mr. Plum:

Under the requirements of Section XX of the Los Alamos National Laboratory Federal Facility Compliance Order the New Mexico Environment Department's (NMED) Hazardous and Radioactive Materials Bureau (HRMB) has received notification of Off-Site Waste Shipment. Wastes shipped were listed under activities 3.1.5(B) and 3.2(F) of the DOE/LANL Site Treatment Plan.

I have reviewed the documentation submitted with the notice of Off-Site Shipment and find those documents meet the requirements of Section XX and approve the activities that took place.

If you have any questions concerning this approval of shipment you may call me at (505) 827-1561 ext 1039.

Sincerely,

Robert S. (Stu) Dinwiddie, Ph.D.
FFCO Project Manager
Hazardous and Radioactive Materials Bureau
