Santa Fe, New Mexico 87502

SUBJECT: RETURNED ITEMS IN THE COMPLIANCE PLAN VOLUME (CPV), SITE TREATMENT PLAN (STP), LOS ALAMOS NATIONAL LABORATORY (LANL).

Dear Dr. Dinwiddie,

The purpose of this letter is to notify the New Mexico Environment Department (NMED) of four STP waste items that were returned to LANL. These items were sent for treatment as part of larger shipments to Diversified Scientific Services, Inc (DSSI) located in Kingston, Tennessee. One item was returned from a shipment dated August 21, 1998 and three items were returned from a March 28, 2000 shipment.

The waste items were returned to LANL because the results of a sampling analysis conducted by DSSI indicated the presence of Polychlorinated Biphenyls (PCBs) in the four items. The items will be proposed for addition into the STP in the Treatability Group, "PCB Waste with RCRA Components," MWIR Waste ID LA-W910 in Section 3.1.11 of the Compliance Plan Volume (CPV). The items will be proposed during the next annual Revision due to NMED on March 31, 2001. The table below provides a detailed description of the returned items.

STP Section	MWIR Waste ID	Treatability Group	Number of Items	Volume Returned (m ³)
3.1.11	LA-W907	<i>Halogenated Organic Liquids</i>	1	0.21
3.1.11	LA-W909	<i>Bulk Oils</i>	3	0.45
		Total	4	0.66
