Dear Ms. Martin and Mr. Nunz:

The hazardous Waste Bureau of the New Mexico Environment Department has reviewed the documentation submitted in support of the transfer of waste in LA-W925-0 to LA-W925.6. Documentation indicates that these two treatability groups are a double listing of the same waste. Temporary approval is granted pending the formal revision based on submittal and public notice of a combined milestone date in Revision 11 due to NMED by March 31, 2001.

If you have any questions about this approval contact me at the above address or by telephone at (505) 827-1561 ext 1039.

Sincerely,

Robert S. (Stu) Dinwiddie, Ph.D.
