Dear Ms. Gabaldón:

The purpose of this letter is to request from the New Mexico Environment Department (NMED) permission to ship for treatment an item that will be proposed for addition to the LANL STP in the next Annual Revision due March 31, 2004. An expedited treatment opportunity is available for this waste item if it can be included with a scheduled LANL shipment to DSSI, Diversified Scientific Services, Inc. of Kingston, TN.

As stated, the item will be proposed for addition to the STP during the next Annual Revision. LANL has taken advantage in the past of opportunities to expedite shipments of waste not yet added to the STP. Please contact me immediately if you do not want LANL to proceed with adding this item to the shipment.

Included, as Enclosure A is a Certification Statement. These documents were prepared in accordance with the requirements of Section XX, "*Documents, Information, and Reporting Requirements*," of the FFCO.

Please contact me (505) 667-6952 or [dwilburn@lanl.gov](mailto:dwilburn@lanl.gov) if you have any questions.

Sincerely,

Dianne Williams Wilburn  
STP Project Manager
