**To:** dwwilburn@lanl.gov

**CC:** Steve Zappe <steve\_zappe@nmenv.state.nm.us>,  
Carl Will <Carl\_Will@nmenv.state.nm.us>

During a recent telephone conversation between you, Beverly Martin, Steve Vappe and I, we discussed the procedure LANL uses in determining or segregating mixed waste utilizing generator information. We concluded the conversation with you stating you would e-mail that procedure to us. What is the status on the e-mail? I also received your voice mail today about the PCB STP waste. Thanks for the update. I will have to review the FFCO and determine what are requirements for extending a compliance date. You said you would propose this 2004 compliance date with plan in the annual update. I plan to be in the office this Friday if you want to call me. Thanks, Lee
