Dear Ms. Kay:

SUBJECT: CORRECTION OF INFORMATION IN PROPOSED EXTENSION OF MILESTONES (ENV-RRO-09-017), SITE TREATMENT PLAN, FEDERAL FACILITY COMPLIANCE ORDER, LOS ALAMOS NATIONAL LABORATORY

The purpose of this letter is to correct information in Los Alamos National Laboratory's (LANL) letter dated March 25, 2009, which proposed an extension of milestones for two treatability groups in the Site Treatment Plan. Two corrections are required:

- 1) The subject of the letter incorrectly refers to Revision 18. The subject reference should be to Revision 19.
- 2) On page 5, the proposed compliance date for Activity 3.1.19(A) incorrectly refers to Revision 18 (instead of Revision 19) and incorrectly states the proposed compliance date as August 28, 2009. The correct date is August 28, 2012.

The corrected text on page 5 should read:

Proposed Revision 19 compliance date: August 28, 2012

We apologize for the errors. Please contact Peggy Powers at (505) 665-5717 or by email at peggy.powers@lanl.gov or George Henckel at (505) 606-0960 or ghenckel@doeal.gov if you have any questions.

In accordance with the requirements of Section XX, "*Documents, Information, and Reporting Requirements*," of the FFCO, we certify, as the project managers responsible for overseeing the implementation of the Site Treatment Plan for the Los Alamos National Laboratory and for Los Alamos Site Office/National Nuclear Security Administration, that, to the best of our knowledge and belief, the information in this document is true, accurate, and complete.

Sincerely,

Margaret A. Powers
