

OFFICE MEMORANDUM

TO : N. E. Bradbury
FROM : Thomas L. Shipman
SUBJECT: WASTE DISPOSAL AREA
SYMBOL : H

DATE: November 8, 1956

The attached memo from Dean Meyer is, I believe, self-explanatory. The matter has already been discussed informally with the Engineering Department, although no selection of an area has been made.

It appears that there is a certain amount of urgency in arriving at a decision as the time is approaching when Zia would normally expect to lay off some of its heavy equipment operators.
