Your AL 88-248

In response to your letter 30/9/88:

Re: Your
AL- 88-248

1) The incinerator referred to is the "mixed wastes"
radioactive/transuranic wastes + hazardous wastes incinerator.

2) The GAO document is #GAO/RCED-88-197BR dated July, 1988
page 16, para 3 and p. 19, para. 1 & 2.

Referring to your decision not to comply with requirements for
Federal office paper recycling , I refer you to 40 CFR Ch. I,
(7-1-86 Ed.) part 246.100 (f) which states:

re:
Your
AL-88-243

(f) Federal agencies that make the determination not to
source separate as described in 246.200-1, 246.201-1,
and 246.202-1, for whatever reason, shall make available
to the Administrator the analysis and rationale used in
making that determination. The Administrator shall publish
notice of the availability of this report to the general
public in the Federal Register....."

re:

AL-88-243

Referring to your refusal to provide copy of waste minimization
plan for LANL, this is to draw to your attention that 40 CFR CH. I
(7-1-87 Ed.), part 262.41 (6) and (7) require this report to U.S.
EPA. Please state your reasons for this violation.

Fortunately, the era of the U.S. Dept. of Energy is drawing to
a close and I hope to see the end of this useless parasitic agency
within my own lifetime.

Yours sincerely,

Michael Horan
