Dear Governor Dasheno:

Enclosed is a list of public interest groups involved in environmental issues at Department of Energy sites in Colorado (Rocky Flats) and Washington State (Hanford). I am providing you with these lists to facilitate contact between yourselves and these organizations.

Also, we are planning a public information meeting for sometime in March, and would appreciate your input as to what date and time would be best. We are considering having the meeting in Santa Fe, perhaps having a one-hour "brown bag" session during lunchtime, then a continuation session that same evening. We will be discussing the progress-to-date of our DOE/LANL oversight programs and soliciting your input regarding the direction these programs are taking.

Please let us know what dates and times you would prefer by calling me at 827-4313 on Mondays or Tuesdays, and at 665-7130 on Thursdays or Fridays.

Sincerely,

Bruce A. Swanton, Manager
DOE/LANL Oversight Program
