RON CURRY
DEPUTY SECRETARY

October 1, 1993

Mr. Allyn Davis, Director (6-H)
Hazardous Waste Management Division
U.S. Environmental Protection Agency
1445 Ross Avenue, Suite 1200
Dallas, Texas 75202-2733

SUBJECT: LOS ALAMOS INSPECTION - ALTERNATE SCHEDULES

Dear Mr. Davis;

During the period of August 2, 1993 through August 12, 1993, New Mexico Environment Department, Hazardous and Radioactive Materials Bureau participated in a multi-media compliance evaluation inspection at Los Alamos National Laboratories. In addition to the hazardous waste inspectors were inspectors from the following programs:

FEDERAL PROGRAMS:

National Enforcement Investigations Center (Denver, Co.)
EPA - Region 6 (Dallas, Tx)

STATE PROGRAMS:

New Mexico Environment Department

Air Quality Bureau
Ground Water Protection and Remediation Bureau
Underground Storage Tank Bureau

Due to the number of State and Federal programs involved with this multi-media inspection and the various protocols each must follow, the New Mexico Environment Department (NMED) is requesting a nine (9) month extension of time to complete this case file.

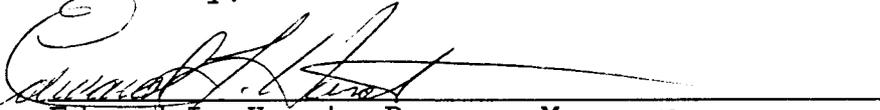

This request is in accordance with the Enforcement Memorandum of Understanding, page 7, TIMEFRAMES, signed by Kathleen Sisneros

12432

(NMED), 9/25/92 and Jack Divita (EPA), 9/30/92. If there are any questions about this matter please contact myself or Mr. Coby Muckelroy at (505)827-4308.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward L. Horst", is written over a horizontal line.

Edward L. Horst, Program Manager
RCRA Inspection/Enforcement
