Dear Mr. Neleigh:

In response to your letter of July 19, 1994, concerning the dates that comments or concerns are needed from the New Mexico Environment Department, Hazardous and Radioactive Materials Bureau (HRMB) on Los Alamos National Laboratory's (LANL) RCRA Facility Investigation (RFI) Work Plans, the attached memorandum addresses HRMB procedures.

The current procedures and scheduling should ensure that all comments on LANL RFI Work Plans from the Agreement in Principle (AIP), and RCRA Permitting and Technical Compliance staffs of HRMB will be provided in a timely manner to EPA.

Should you have any questions, please contact me at (505) 827-4358 or Ronald Kern of my staff at (505) 827-4313.

Sincerely,

for

Benito J. Garcia, Chief
Hazardous and Radioactive Materials Bureau
