Dear Mr. Vozella:

As per your recent verbal request of Benito Garcia, I am writing concerning our plans for our annual RCRA grant inspection at Los Alamos National Laboratory (LANL) in order that you may have the opportunity to make some preparation for clearance and access documents for our inspection team. Please be reminded that advance notice of our inspections is routinely withheld from anyone outside of the agency. However, we are committed to inspect LANL in federal FY 95. Therefore, we must conduct the inspection by September 30, 1995.

At this point I am planning to have James Seubert, Michael Le Scouarnec, Frank Sanchez, and Daniel Fernandez conduct the federal FY 95 inspection at LANL. Each of these individuals can be reached at the address on the letterhead or at (505) 827-4308 for the information you may need to begin preparation of clearance papers. I would prefer that the proper clearance documents be prepared as soon as possible. Notwithstanding our policy on no prior notice, I can commit to you in this case that we will not begin our inspection at LANL prior to July 10, 1995.

Thank you for your interest in this matter. Please contact me at (505) 827-4308 if you have any questions.

Sincerely,

*Coby Muckelroy*
