

**Environmental, Safety and Health Panel of  
The U.C. President's Council on  
National Laboratories**

**Invites You to a Public Meeting**

**July 24, 1995  
Hilltop House, Taos Room, Los Alamos, NM  
7:00 - 9:00 p.m.**

The primary responsibility of the panel is to ensure that Los Alamos National Laboratory operations comply with all applicable environmental, safety and health regulations so that Laboratory workers, the public and the environment are protected

Stakeholders are encouraged to comment on environmental, safety, and health issues at Los Alamos National Laboratory.
