Ms. Barbara Hoditschek
NMED-HRMB
2044 Galisteo Street
Santa Fe, New Mexico 87505

Dear Ms. Hoditschek:

I would like to invite you and any other interested participants to a tour and Risk Based Decision Making workshop being sponsored by the Department of Energy, Albuquerque Operations Office (DOE/AL), and its laboratories. The purpose of the workshop is to present the risked based decision making process as it is being used at Los Alamos National Laboratory (LANL) and Sandia National Laboratory (SNL). The tour will provide an opportunity for you and the other participants to see the LANL and SNL sites that are being proposed for remediation this fiscal year. We are also expecting attendance from Environmental Protection Agency - Region 6 representatives.

I have enclosed an agenda, and maps to the badge offices at both SNL and LANL. I look forward to seeing you and the other participants on Monday.

Sincerely,

Deborah D. Griswold
Acting Team Leader
Environmental Restoration Team
Environmental Restoration Division
