SUBJECT: SUBMITTAL OF MAPS DETAILING LOCATIONS OF THE FISCAL YEAR 1996 (FY96) CLEANUP ACTIVITIES AND RESOURCE CONSERVATION AND RECOVERY ACT (RCRA) UNITS

Dear Mr. Garcia:

As requested by Barbara Hoditschek and Stu Dinwiddie of your staff, the Los Alamos National Laboratory's Environmental Restoration Project is providing a set of 11 maps. The first map is a composite that indexes 10 larger scale sheets showing the detailed locations of the accelerated cleanup, interim action, and decontamination and decommissioning activities that we will be undertaking in FY96. Also included on the map are most of the Laboratory's RCRA unit sites. We are working on incorporating the remaining RCRA units for future updates. Be advised that this is a preliminary draft set of maps subject to minor modification as work proceeds. As updates are made, we will provide your office with revised sheets. Copies of these maps are being provided to those as indicated on the distribution list.

Please have your staff review these maps at their earliest convenience. If they find that changes or additional information is required, please inform our office by letter.

Should you have any further questions, please let us know.

Sincerely,

Jorg Jansen, Program Manager
Environmental Restoration
