Dear Mr. Yanicak:

This letter acknowledges receipt of your letter of March 6, 1996 to Courtland Fesmire, Los Alamos Area Office Point of Contact for the Agreement in Principle. I believe it is appropriate to meet with you and your staff to discuss your request, as I do not know what is meant by "all ER ground-water and surface-water data and information which was obtained since the inception of the ER Project to date," nor do I know whether access to such information is required by your office.

I suggest that we meet to discuss information that is available to you through hard copy documents or the FIMAD system, and to discuss your information needs. Then, we can determine any additional needs for information, and the optimum manner for providing it to you.

Please call me at (505) 665-7203 so we can discuss your request.

Sincerely,

Theodore J. Taylor
