Dear Mr. Plum:

RE: Treatability Study Notification Letter Dated September 30, 1996

The New Mexico Environment Department (NMED) Hazardous and Radioactive Materials Bureau (HRMB) has received the Department of Energy (DOE)/Los Alamos National Laboratory's (LANL) letter of September 27, 1996 regarding Treatability Study Notification to conduct seven mixed waste treatability studies. A review of Title 40 of the Code of Federal Regulations, part 261.4 (f) indicate that DOE/LANL have met the requirements under the RCRA regulations pertaining to notification for treatability studies.

If you should have any questions or comments please feel free to contact either myself or Ms. Teri Davis of my staff at (505) 827-1557.

Sincerely,

A handwritten signature in cursive script that reads "Benito J. Garcia".
