Garcia

1. **Ecorisk Briefing.** LAAO and UC will provide a briefing on the ecorisk screening process to NMED-HRMB and other invitees on Friday, Mar. 14, 1997, at 1:00. The briefing will be in the Marquez Building conference room. No meetings will be held between NMED and the ER Project prior to the briefing, although the ER Project welcomes comments on the ecorisk process.

2. **NNMCAB Meeting.** S. Dinwiddie will make a presentation on contaminated sites and remediation at LANL at the next CAB meeting on Tuesday, Mar. 11, 1997. T. Taylor indicated that he will attend the meeting. S. Dinwiddie indicated that he and B. Garcia will alternate as NMED ex officio CAB members, depending on the location of the meeting.

3. **LAAO Regulatory Compliance Manager.** J. Mose is the new LAAO Regulatory Compliance Manager, replacing B. Koch, who will resume Field Project Manager duties for Field Unit 1. B. Koch will continue as acting LAAO Water Quality Manager for another 120 days. T. Taylor suggested that J. Mose and other ER Project leaders meet in the near future with S. Dinwiddie, T. Davis, and B. Garcia.

4. **EPA Site Visit.** The proposed site visit by three EPA staff was discussed. It was agreed to seek EPA concurrence to conduct the site visit during the week of Apr. 7-11, 1997. T. Glatzmaier will contact R. Mayer at EPA to confirm the dates. **(ACTION)**

5. **RCRA Permits Meeting.** The next RCRA Permits meeting with NMED/HRMB will be held on Tuesday, Mar. 11, 1997 from 9:00 to 12:00. J. Mose will attend for LAAO. Four brief agenda items relate to the ER Project.

6. **NMED Request for Documents.** NMED has requested the RFI Report for TA-39 (note: report was submitted on 3/6/97), and two Interim Action Reports [PRS 15-007(c) and 15-008(b)]. The latter reports are part of the EPA grant commitments. T. Glatzmaier will check on the status of the IA Reports. **(ACTION)**

7. **Interim Measures.** Actions to be taken prior to a final cleanup were discussed. These actions are presently categorized as best management practices (BMP), interim

actions (IA) and interim measures (IM). It was agreed that "substantial" actions conducted prior to final remediation should be approved by the Administrative Authority. A letter agreement will be prepared to identify the class of actions for which NMED will issue a letter requiring the action to be taken.(ACTION) In addition, at a later date the HSWA Module will be modified to clarify this policy.

**8. Canyons Work Plans.** It was noted that the Canyons Core Document is part of the EPA grant commitments, and is needed by NMED by Apr. 1, 1997. NMED has a deadline to approve/disapprove the Core Document by Sept. 1, 1997. The Core Document is scheduled to be completed by Apr. 1, 1997. The ER Project will determine the status of preparation of the Core Document, and will submit it by Apr. 1, 1997 or notify NMED of a new due date.(ACTION)

**9. FY 1998 EPA Grant Schedule.** S. Dinwiddie reported that the negotiations for the EPA grant for FY 1998 will be initiated in April 1997. NMED will submit to EPA a preliminary list of regulatory deliverables by June 1, 1997. T. Taylor indicated that the ER Project will forecast FY 1998 deliverables by July 1, 1997, and that a preliminary list will be provided by June 1, 1997.(ACTION)

#### **ACTION ITEMS:**

1. T. Glatzmaier will contact R. Mayer at EPA to determine the dates for the EPA site visit.
2. T. Glatzmaier will check on the status of IA Reports for PRS 15-007(c) and 15-008(b).
3. J. Mose and D. McInroy will prepare a draft letter agreement on interim measures.
4. T. Glatzmaier will check on the status of the Canyons Core Document.
5. T. Taylor will submit to NMED a preliminary list of FY 1998 deliverables by June 1, 1997.
