Department of Energy
Los Alamos, New Mexico 87544

RE: Request for the Department of Energy (DOE) Work Smart
Standards for Environment, Safety and Health (ES&H)

Dear Mr. Vozella,

This letter is in response to the recent DOE Memorandum, dated February 25, 1997, regarding safety standards for ES&H at Los Alamos National Laboratory. The New Mexico Environment Department (NMED) Hazardous and Radioactive Material Bureau (HRMB) would like to request a DRAFT set of the "work smart" ES&H standards for review.

HRMB appreciates DOE's efforts towards safety to protect the public, its workers and the environment at its facilities.

Sincerely,

Robert S. (Stu) Dinwiddie
Program Manager
RCRA Permits Management Program
Hazardous and Radioactive Materials Bureau
