Dear Mr. Dinwiddie:

Subject: Department of Energy Work Smart Standards for Environment, Safety, and Health (ES&H)

Enclosed, as you requested, is a copy of our DRAFT set of standards for ES&H at the Los Alamos National Laboratory. As our original letter indicated, we would appreciate and benefit from your feedback. We would appreciate any comments you might have being communicated by August 4, 1997.

If you have any questions, if you would be interested in obtaining more information, or if scheduling a more detailed discussion would be helpful, please contact me at (505) 665-5027. Thank you for expressing an interest in being informed and participating in this critical process to strengthen our ES&H commitment. We welcome any feedback you might have.

Sincerely,

Joseph C. Vozella
