Dear Mr. Bearzi:

I want to thank you for taking time from your important schedule to attend the Introductory Briefing on the LANL Environmental Restoration Project Baseline on September 9, 1999 in Albuquerque. I am also grateful that John Kieling of your staff could attend.

As we discussed during a break, Julie Canepa and I will send you portions of the Baseline documentation, and we look forward to discussing with you and your staff in the near future our plans and priorities for Fiscal Year 2000. Specifically, next week we will provide the Programmatic Assumptions Document and the Prioritization document for your review. We are also preparing a list of documents which we will submit to your office in FY2000, together with the expected fee amounts to be submitted with the documents.

Thank you again for participating in this briefing. I look forward to our continued collaboration, and to meeting with you again soon.

Sincerely,

Theodore J. Taylor
Program Manager
Environmental Restoration Program
