Los Alamos, NM 87545

**RE: FEBRUARY 26, 2001 MEETING AGENDA -
REQUEST FOR INFORMATION LETTER OF FEBRUARY 12, 2001**

Dear Mr. Ellvinger:

As we discussed by phone today, the New Mexico Environment Department requests answers to specific questions concerning portions of our information request contained in the above-referenced letter from James Bearzi, Hazardous Waste Bureau (HWB) Chief, to John Browne and David Gurule. HWB expects specific and substantive answers from Los Alamos National Laboratory (LANL) Facility representatives at our meeting on Monday, February 26, 2001.

1. A date for submittal of requested electronic data.
2. A date for submittal of requested data not in electronic form.
3. The proportion of requested data that is in electronic form.
4. The sources, including locations and formats, of requested data that is not in electronic form.
5. The proportion of requested data that in the opinion of the LANL Facility can be submitted by March 1.

13482

Jack Ellvinger
February 26, 2001
Page 2

6. An explanation, including particular and specific information, of any inability the LANL Facility claims in meeting the March 1 deadline.

Provide answers for data in its current form, whether or not the data has been subject to the LANL Facility's validation procedures.

Please let me know prior to the meeting if you will be unable to provide any of this information at the meeting.

To expedite decision-making at this meeting, please ensure that LANL Facility representatives with the authority to make pertinent decisions are present.

We will be meeting February 26 at 1:30 in Room 1004 of the Joseph Montoya Building in Santa Fe.

Sincerely,

Carl Will
LANL Permits Project Leader
Hazardous Waste Bureau
