Dear Mr. Bearzi:

Subject: Response to Request for Information Pursuant to the New Mexico Hazardous Waste Act and the Resource Conservation and Recovery Act, Los Alamos National Laboratory (LANL), EPA ID NM 0890010515

The purpose of this letter is for the U.S. Department of Energy (DOE) and the University of California (UC) to provide additional maps in response to the New Mexico Environment Department's (NMED) Request for Information (Mr. James Bearzi, Hazardous Waste Bureau, dated February 12, 2001) and pertaining to the Los Alamos National Laboratory, EPA ID NM 0890010515. These maps are part of DOE/UC's response to Request No. 18, as specified in DOE/UC's letter of March 1, 2001.

In accordance with Instructions 4 and 5, page 3 of NMED's February 12, 2001 letter, as amended by instructions NMED provided via letters on March 13 and March 23, 2001, LANL is submitting herewith two copies of additional maps showing sample locations. These were defined as Category 2 data responding to Request No. 18 in DOE's March 1, 2001 letter. Appendix A of this submittal provides a listing of the maps that are enclosed by associated PRS.

The listing of the persons responsible for the production of the data used to answer all portions of the DOE/UC response was included in DOE's March 1, 2001 submittal, as required by Request Nos. 20 and 21 of your February 12, 2001 letter. No additional personnel were involved with today's submittal. A certification for the Category 2 data enclosed herewith is attached as required by 20.4.1 NMAC, Subpart IX, §270.11(d)(1).
