Re: Request for Oversight Bureau surface water quality data collected from 1992-2002

Dear Mr. Caplan:

Thank you for your interest in the water quality data collected by the Oversight Bureau at Los Alamos National Laboratory. As per your July 16, 2003, email request for all of our surface water quality data we are enclosing a CD that includes all surface water data collected from 1992 to 2002. We are also including all groundwater quality data collected over the same time period.

We are updating our file that includes GPS coordinates for all sampling locations and will forward it to you when complete (in about 2 weeks). If you have any questions about the enclosed data please call Ralph Ford-Schmid at (505) 428-2559.

Sincerely,
