John et al.,  
Hope all is well. Attached is the groundwater sampling schedule for the week of January 16, 2006. Per request from NMED HWB additional analysis including chromium speciation will be performed on samples collected from the municipal wells. Sampling activities for Groundwater level measurement activities continue.

Please contact me if there are questions.

Cheers,

ARG

**Remarks:**

- 1) Danny wanted to know what they owed us in terms of a revised work plan.
- 2) He also wanted to set a date for the submittal of revised text.

**Questions:**

- 1) Can they submit cross-reference table, or some alternative submittal, rather than an entire revised work plan?
  - 2) What will the due date be?
- NMED will get back to him about what needs to be submitted + when

① LANL will need to submit redline strikeout replacement pages for the work plan (we don't need a new background section, etc.) ② no deadline is necessary

**Action Required:** b/c an approval cannot be given until the replacement pages are submitted.  
 we need 2 hardcopies + one electronic of pages
