

ERIP 098702

Legend item	Shapefile	Data source
Biointrusion barrier	TA49_Area2_biointrusion_barrier_approximation.shp	Polyline Feature, Western and Southern Extents of Biointrusion Barrier Within ET Cover, TA-49 Area 2; 1:1,200 Scale Data; Apogen Technologies, 15 October 2007.
Ditch	TA49_ditch_westofarea2_registered_to_2005_orthophoto.shp	Polyline Feature, Delineation of Ditch North of TA-49, Area 5 and West of TA-49, Areas 2, 2A, and 2B; 1:1,200 Scale Data; Apogen Technologies, 15 October 2007.
Former asphalt pad	TA49_Area2_former_asphalt_pad_adj_to_1991_orthophoto_poly.shp	Polygon Feature, Asphalt Pad Formerly Covering Experimental Shafts, TA-49 Area 2; 1:1,200 Scale Data; Apogen Technologies, 15 October 2007.
Former structure (Non-NES, Area 10 only)	TA49_Area10_former_calibration_chamber_and_elevator.shp	Polygon Feature, Approximate location of Buildings 49-61 and 49-62, TA-49 Area 10; 1:1,200 Scale Data; Apogen Technologies, 15 October, 2007.
Former structure (NES, Area 11, Radiochemistry Laboratory only)	TA49_Area11_former_radchem_lab_structure.shp	Polygon Feature, Approximate Location of Building 49-15, Former Radiochemistry Laboratory, TA-49 Area 11. 1:1,200 Scale Data; Apogen Technologies, 15 October 2007.
Landfill (approx.)	TA49_area6W_landfill_boundary_estimation.shp	Polygon Feature, Approximate Location of Open Burning Pit/Landfill, TA-49, Area 6 (West); 1:2,500 Scale Data; Apogen Technologies, 15 October, 2007.
Low-order stream	TA49_sediment_sampling_low_order_links.shp	Polyline Feature, Illustration of Approximate Location of First-order Drainages Proposed for Sediment Sampling, TA-49; 1:1,200 Scale Data; Apogen Technologies, 15 October 2007.
