## **Individual Permit For Storm Water**

### **Public Meeting**

**Thursday, July, 2012**

**Cities of Gold Conference Center, Pojoaque, NM**

**5:30 – 7:30**

The Individual Permit for Storm Water encompasses corrective actions and monitoring for 405 sites across Los Alamos National Laboratory. Presentations will provide an overview of the plan for the summer season and the results of permit related actions and monitoring to date. The daily routine of placing storm water controls and monitoring after rain storms will be explained as well as the process for earning site completion status from the Environmental Protection Agency . The parties to a legal settlement which brought about these public meeting will also present on green infrastructure and low-impact building.

The meeting agenda is attached. For question or more detail, please email [envoutreach@lanl.gov](mailto:envoutreach@lanl.gov) or call 505-667-0216.

We look forward to seeing you there.
