**Subject: Submittal of Potential Release Site Spatial Data**

Dear Mr. Kieling:

Per your request, enclosed are two electronic files containing a set of spatial data for the potential release site (PRS) boundaries at Los Alamos National Laboratory (the Laboratory).

The PRS-boundary data provided were created for internal use at the Laboratory and are housed within a Laboratory-wide database for facility purposes. This PRS-boundary data represent the current administrative record with the New Mexico Environment Department (NMED); however, it does not supersede the administrative record as official representation of solid waste management units (SWMUs) or areas of concern (AOC). Should any questions arise, the Laboratory defers to the depiction of the SWMUs or AOCs in the most recent documents submitted to NMED under the March 1, 2005, Compliance Order on Consent.

If you have any questions, please contact Kathryn Roberts at (505) 665-0006 (kroberts@lanl.gov) or Edwin Worth at (505) 606-0398 or (edwin.worth@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director  
Environmental Programs  
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager  
Environmental Projects Office  
Los Alamos Site Office
