RE: Evaluation of Response to the Review of the Technical Approach for Calculating Recreational Soil Screening Levels for Chemicals, Revision 2, Los Alamos National Laboratory (LANL), dated August 31, 2012 and subsequent revisions in the *Technical Approach for Calculating Recreational Soil Screening Levels for Chemicals, Revision 3*.

Dear Mr. Cobrain:

This letter serves as a deliverable and addresses the evaluation of LANL's responses to Notice of Deficiency (NOD) comments and subsequent updates in the *Technical Approach for Calculating Recreational Soil Screening Levels for Chemicals, Revision 3*.

All of the responses were adequate as presented and the document was revised to reflect the response package. No additional comments were noted as part of this review.
