Effective January 6, 2020, I have assumed the role of the Manager of the United States Department of Energy/National Nuclear Security Administration (DOE/NNSA) Los Alamos Field Office (NA-LA). As the Manager for NA-LA, I am the senior executive official responsible for overall operations of the NNSA-scope activities at Los Alamos National Laboratory (LANL). My contact information is:

Email: michael.weis@nnsa.doe.gov

In my position as NA-LA Manager, as principal signatory for permit and compliance programs regulated under the New Mexico Hazardous Waste Act, the New Mexico Water Quality Act, and the New Mexico Quality Control Commission Regulations, I hereby delegate authority to sign reports required by permits and other information requested by the New Mexico Environment Department (NMED) to the following positions:

- Assistant Manager for Mission Assurance and Infrastructure, currently held by Jody Pugh
- Deputy Assistant Manager for Mission Assurance and Infrastructure, currently held by Peter Maggiore

- Environmental Permitting and Compliance Program Manager, currently held by Karen Armijo

Any persons occupying these positions may act as my "Duly Authorized Representative" with the authority to sign documents as noted above required by the NMED. This delegation is made in accordance with 40 CFR 122.22 and 40 CFR 270.11, Signatories to Permit Applications and Reports. If you should have any questions about this delegation, please contact Karen Armijo at (505) 665-7314 or karen.armijo@nnsa.doe.gov.

Sincerely,

Michael Weis
Manager
