Dear Mr. Jones:

At your request, I am submitting this formal request for access to certain information in NMEID's possession. Specifically, I wish to review any and all information pertaining to Los Alamos National Laboratory.

I need the information as soon as possible. If access is to be prioritized, I would first like to begin with radioactive and hazardous waste and emissions.

Thank you for your attention to this matter. If you have any questions I can be reached at 986-3042.

Sincerely,

Kelly Richmond
