M G Industries
P.O. Box 849
Morrisville, PA 19067

Dear Mr. DeFeo:

Reference is made to your letters of May 7, 1991, and May 17, 1991, regarding your intention to purchase existing compressed gas cylinders from Los Alamos National Laboratory (LANL) and process the hazardous residues removed from these cylinders under the provisions of your current Operating Permit No. 09-313-056.

Since your facility is located within the Commonwealth of Pennsylvania, it would be appropriate to request a response to your questions from the Department of Environmental Resources or the Region 3, Environmental Protection Agency office, who have authority for the Resource Conservation and Recovery Act (RCRA) program in your area.

If you have any further questions regarding this response, please contact Mr. Joseph Schultes, of my staff, at (214) 655-2192.

Sincerely yours,

Allyn M. Davis
